

# 1. MATERIAL SAFETY DATA SHEET

---

**IDENTITY:** PRECISION BOARD PLUS PBLT (200F) **Date of Revision:** 1/19/2015

---

## SECTION I - Material and Manufacturer Identification

---

**Manufacturer's Name & Address**

Coastal Enterprises Company  
P.O. Box 4875  
Orange, CA 92863-4875

**Emergency Telephone Numbers:**

(800) 845-0745

**For Information:**

(800) 845-0745

**Product Name:** PRECISION BOARD PLUS PBLT

**Product Class:** POLYURETHANE - Rigid, high density

**Product Catalog Number (s):** Includes all densities from PBLT-4 thru PBLT-75

---

## SECTION II - HAZARDOUS INGREDIENTS

---

The individual components of Precision Board Plus PBLT are composed of only two ingredients. They are polyurethane foam and carbon dioxide. Neither is a hazardous material under conditions of normal use.

When the ingredients of Precision Board Plus PBLT are mixed together, a chemical reaction takes place which transforms the ingredients into a completely new material – a polymer called polyurethane foam.

The chemical reaction is exothermic. The heat generated by the reaction causes the formation of carbon dioxide gas. It is the carbon dioxide which bubbles through the plastic while it is turning into a solid, that creates the polyurethane foam. This reacted foam

Polyurethane foam is not hazardous, is non toxic, and is an inert polymer.

All components of Precision Board Plus PBLT are listed on the TSCA Inventory.

None of the components in Precision Board Plus PBLT are listed by IARC, NTP, OSHA, or ACGIH as a carcinogen.

---

### SECTION III- PHYSICAL DATA

---

VAPOR DENSITY (air=1)  
N/A

BOILING POINT (F)  
N/A

SPECIFIC GRAVITY(H<sub>2</sub>O=1)  
N/A

EVAPORATION RATE  
N/A

PERCENT, VOLATILE  
N/A

VAPOR PRESSURE (mm Hg.)  
BY VOLUME (%)  
N/A

APPEARANCE/ODOR  
Color: tan. No odor

SOLUBILITY IN WATER  
N/A

VOC (g/L less water)  
0.0

---

### SECTION IV - FIRE AND EXPLOSION DATA

---

FLASH POINT  
None

FLAMMABILITY CLASSIFICATION  
None

LEL  
See Section II

EXTINGUISHING MEDIA  
Conventional fire fighting methods.

UNUSUAL FIRE AND EXPLOSION HAZARDS  
See Section IX

SPECIAL FIRE FIGHTING PROCEDURES  
Protective breathing apparatus

---

### SECTION V - REACTIVITY DATA

---

STABILITY  UNSTABLE  STABLE

INCOMPATIBILITY (Materials to Avoid)  
None

HAZARDOUS DECOMPOSITION PRODUCTS

HAZARDOUS POLYMERIZATION: May Occur  Will Not Occur

---

### SECTION VI - HEALTH HAZARD DATA

---

THRESHOLD LIMIT VALUE: N/A

EFFECTS OF OVEREXPOSURE: N/A

EMERGENCY & FIRST AID PROCEDURES:  
Nuisance dust. Use appropriate safety precautions.

---

## SECTION VII - SPILL OR LEAK PROCEDURES

---

Steps to be taken in case material is released or spilled:      N/A

Waste disposal method      N/A

---

## SECTION VIII - SPECIAL PROTECTION INFORMATION

---

### RESPIRATORY PROTECTION

Dust Mask

### VENTILATION

Local exhaust for dust

### PROTECTIVE GLOVES

Not required

### EYE PROTECTION

Sanding or machining use appropriate particulate safety glasses.

### OTHER PROTECTIVE EQUIPMENT

None Required

---

## SECTION IX - SPECIAL PRECAUTIONS

---

### Precautions To Be Taken In Handling And Storing

### Other Precautions

1. The material can burn.  
Keep away from open, high heat source.

None

---

The information contained herein is based on data believed by Coastal Enterprises Company to be accurate, but we do not assume any liability for the accuracy of this information. We neither suggest nor guarantee that any hazards mentioned are the only ones which exist. Anyone intending to rely on any recommendation or to use any equipment technique or material mentioned should also satisfy himself that he can meet all applicable safety and health standards. Determination of the suitability of any information or product for the use contemplated by any user, the manner of that use and whether there is any infringement of patents, is the sole responsibility of the user.
