Signage

- **New Precision Board App.** Get instant access to Precision Board info, technical data, videos, and more with the **Precision Board Mobile**: The first and only mobile app for high-density urethane signage and tooling applications. Available for iOS and Android devices, visit our website on your tablet or mobile device for a **free download!**
- **New “Low to No Dust” CNC machining.** See Onsurd Router Bit Guide for speeds and feeds setting.
- Precision Board Plus is Certified Eco-Friendly. Now with tighter, finer cell structure. It’s easier to prime and paint. More chips, and low to no dust. Carbon Footprint of 3:1, Rapidly Renewable Content of 23.9%. No VOC’s, Non Toxic, Totally Inert, No Carcinogens. Made in USA.
- Fast turn around for shipping. Coastal keeps large inventory.
- Written Life of the Sign Warranty – No other HDU has one.
- Fifteen densities for different applications, 4 to 75 lbs/ft<sup>3</sup> for the Signage, Tooling, Marine, Prototyping, Aerospace and Automotive Industries for faster turn around times.
- Large sheets sizes. 20”x60”, 24”x60”, 30”x80”, 45”x60”, 4’x 8’, 4’x10’, 5’x8’ and 5’x10’. Any, any, thicknesses available up to 24” thick.
- Companion Products – Primers, Adhesives, and Specialty Coatings. Instructional videos on all companion products at [www.precisionboard.com](http://www.precisionboard.com), or our **new Precision Board Mobile App**.
- Great Technical Department – Sales personnel and customers can call anytime.
- Custom in-house bonding of larger sheets, layup tooling and carving blocks. See the **new Precision Board Mobile app** for more information.
- Top fire ratings and toxicological report, in writing, for Building Inspectors.

Call with any technical questions, **request a sample package**, or for any other reason.  
We really like to hear from you.

**Remember to ask for Precision Board Plus by name. Be Precision Board Plus specific.**
